Annual Tax Collection Report: Fiscal Year Ending June 30, 2016

To the Honorable John Bel Edwards, Governor of Louisiana, and Members of the Louisiana Legislature:

I am pleased to present the Louisiana Department of Revenue's Annual Tax Collection Report for the fiscal year July 1, 2015, through June 30, 2016.

During the reporting period, the Department continued to maximize its resources to achieve the strategic goals of increasing voluntary compliance, improving operational efficiency and accuracy, and providing excellent customer service to all constituent groups.

We maintained a sharp focus on the core mission of collecting revenue for vital state services, including K-12 and post-secondary education, public safety and infrastructure, and healthcare. The tax collection program brought in \$7.4 billion in total net collections during the fiscal year. This figure includes:

- \$2.9 billion in sales taxes
- \$2.8 billion in individual income taxes
- \$625 million in fuel taxes and inspection fees
- \$445 million in natural resource severance taxes

Other highlights of the reporting period include \$58 million collected by the Office of Debt Recovery in its first full year of operation and a 10 percent reduction in tax return processing times in our Revenue Processing Center.

With your support and cooperation, our team of dedicated professionals will continue to build on these accomplishments for a safe, healthy and productive Louisiana.

Yours in public service,

Kimberly Lewis Robinson | Secretary of Revenue Louisiana Department of Revenue

Louisiana Revised Statute 47:1578 authorizes the Secretary of Revenue, under certain conditions, to compromise a judgment for taxes and cancel or release a lien, privilege, mortgage, or other encumbrance.

Under this authority, the Secretary can accept less than full payment as a final settlement for a state tax liability. The statutory conditions for such a settlement are "serious doubt" as to collectibility of the tax due or the taxpayer's liability for the tax, and a higher collection cost than the outstanding liability. The judgment for taxes compromised must be \$500,000 or less, excluding interest and penalty.

The corporation franchise tax is levied on any corporation doing business, or qualified to do business in Louisiana, unless specifically exempt by statute.

The total taxable base consists of the corporation's capital stock, surplus, and undivided profits. Borrowed capital has been completely phased out for taxable periods beginning on or after January 1, 2011. The tax is computed on the basis of the portion of the total taxable base employed in Louisiana.

The corporation franchise tax rate is as follows:

- \$1.50 per each \$1,000 of taxable base up to \$300,000;
- \$3.00 per each \$1,000 of taxable base over \$300,000

Individual Income Tax

Cash Collections After Accrual Adjustments

Louisiana's individual income tax is based on federal tax laws for simplification, although Louisiana's tax is not a true "piggyback" system. The starting point for the computation of the tax is the federal adjusted gross income. A deduction is also allowed for the amount of federal income taxes paid.

The Louisiana individual income tax rates are:

A taxpayer filing single, married filing separately, or head of household:

- » 2% of the first \$12,500 of taxable income;
- **»** 4% of the next \$37,500;
- **»** 6% of the taxable income over \$50,000.

A qualified widow(er) or married persons filing jointly:

- » 2% of the first \$25,000 of taxable income;
- **»** 4% of the next \$75,000;
- **»** 6% of the taxable income over \$100,000.

The tax is levied on retail sales of tangible personal property, goods used or stored for use in Louisiana, leases and rentals of tangible personal property, and sales of certain services.

Although many exemptions are provided by statute, several exemptions were partially suspended and subject to a 1% tax rate through March 31, 2016. Beginning April 1, 2016, many sales tax exclusions and exemptions are temporarily suspended at different tax rates through June 30, 2018.

The tobacco tax is collected on the sale of stamps for cigarettes and on monthly reports on cigars, other tobacco products, and vapor products.

Tax stamps can be purchased only from the Department of Revenue and must be affixed on the premises of the wholesale tobacco dealer.

Every registered tobacco dealer must affix tax stamps in the required denominations and amount on the cigarette packages immediately after receipt of any unstamped cigarettes.

Every registered tobacco dealer receiving and handling cigarettes, cigars, other tobacco products, and vapor products in Louisiana upon which tax has not been previously paid must file a report with the Secretary of Revenue within 20 days after the end of each calendar month.
