### Annual Tax Collection Report: Fiscal Year Ending June 30, 2018

Kimberly Lewis Robinson

To the Honorable John Bel Edwards, Governor of Louisiana, and Members of the Louisiana Legislature:

I am pleased to present the Louisiana Department of Revenue's Annual Tax Collection Report for the fiscal year July 1, 2017, through June 30, 2018.

During the fiscal year, major changes at the national level directly affected income and sales tax in Louisiana. In December 2017, Congress passed the Tax Cuts and Jobs Act which reduced federal income tax for many Americans. However, the federal income tax cuts increased Louisiana income tax liability because of the inverse relationship between federal and Louisiana income tax created by the constitutionally established federal income tax deduction. As a result, the Department amended its withholding tables so that Louisiana individuals would not face a large state tax bill during the 2019 tax season.

Additionally, in June 2018, the United States Supreme Court overturned the physical presence requirement for a state to impose sales and use tax collection requirements on a remote seller in South Dakota v. Wayfair, Inc., 585 U.S. \_\_\_\_\_, (2018). This decision and Act 5 of the 2018 Second Extraordinary Session pave the way for Louisiana to require remote sellers to collect sales tax on sales for delivery to Louisiana purchasers. The Department and the Louisiana Sales and Use Tax Commission for Remote Sellers are working diligently to level the playing field for Louisiana businesses and will require remote sellers to collect sales tax on online sales in 2019.

Also during the fiscal year, the stabilization of the state budget allowed the Department to restore full walk-in service for all individual and business taxpayers at its New Orleans regional office. Services available include accepting individual and business tax returns and payments, issuing tax clearances and boat registrations, as well as resolving outstanding tax liabilities through the issuance of installment payment plans. Similar services are also now available online through the Department's Louisiana Taxpayer Access Point (LaTAP).

The tax collection program brought in \$9.2 billion dollars during the reporting period, including the following taxes:

- \$3.9 billion in sales taxes
- \$3.6 billion in income taxes
- \$1 billion in natural resource severance and petroleum product taxes
- \$371 million in liquor and tobacco taxes

The dedicated professionals of the Louisiana Department of Revenue are proud to play a continuing role in making life better for all Louisiana residents.

Yours in public service,

Kimberly Lewis Robinson | Secretary of Revenue

Louisiana Department of Revenue

Louisiana Revised Statute 47:1578 authorizes the Secretary of Revenue, under certain conditions, to compromise a judgment for taxes and cancel or release a lien, privilege, mortgage, or other encumbrance.

Under this authority, the Secretary can accept less than full payment as a final settlement for a state tax liability. The statutory conditions for such a settlement are "serious doubt" as to collectability of the tax due or the taxpayer's liability for the tax, and a higher collection cost than the outstanding liability. The judgment for taxes compromised must be \$500,000 or less, excluding interest and penalty.

### **Five-Year Comparison of Corporation Income Tax Collections**

### Cash Collections After Accrual Adjustments

The corporation franchise tax is levied on any corporation doing business, or qualified to do business in Louisiana, unless specifically exempt by statute. The tax is levied, as of the 2017 franchise tax period, on any corporation or entity taxed as a corporation for federal income tax purposes doing business, or qualified to do business in Louisiana, unless specifically exempt by statute.

The total taxable base consists of the corporation's capital stock, surplus, and undivided profits. Borrowed capital has been completely phased out for taxable periods beginning on or after January 1, 2011. The tax is computed on the basis of the portion of the total taxable base employed in Louisiana.

The corporation franchise tax rate is as follows:

- \$1.50 per each \$1,000 of taxable base up to \$300,000;
- \$3.00 per each \$1,000 of taxable base over \$300,000

### **Individual Income Tax**

### Cash Collections After Accrual Adjustments

Louisiana's individual income tax is based on federal tax laws for simplification, although Louisiana's tax is not a true "piggyback" system. The starting point for the computation of the tax is the federal adjusted gross income. A deduction is also allowed for the amount of federal income taxes paid.

The Louisiana individual income tax rates are:

### A taxpayer filing single, married filing separately, or head of household:

- » 2% of the first \$12,500 of taxable income;
- **»** 4% of the next \$37,500;
- **»** 6% of the taxable income over \$50,000.

#### A qualified widow(er) or married persons filing jointly:

- **»** 2% of the first \$25,000 of taxable income;
- **»** 4% of the next \$75,000:
- **»** 6% of the taxable income over \$100,000.

### **Sales Tax Collections**

## Cash Collections After Accrual Adjustments

The state sales tax rate increased from 4% to 5% effective April 1, 2016, through June 30, 2018, pursuant to Act 26 of the 2016 First Extraordinary Session. The 5% state sales tax rate is composed of 4.97% general sales tax and .03% Louisiana Tourism Promotion District sales tax. The tax is levied on retail sales of tangible personal property, goods used or stored for use in Louisiana, leases and rentals of tangible personal property, and sales of certain services.

Although many exemptions are provided by statute, several exemptions were partially suspended and subject to a 1% tax rate through March 31, 2016. Beginning April 1, 2016, many sales tax exclusions and exemptions are temporarily suspended at different tax rates through June 30, 2018.

#### **Tobacco Tax**

The tobacco tax is collected on the sale of stamps for cigarettes and on monthly reports on cigars, other tobacco products, and vapor products.

Tax stamps can be purchased only from the Department of Revenue and must be affixed on the premises of the wholesale tobacco dealer.

Every registered tobacco dealer must affix tax stamps in the required denominations and amount on the cigarette packages immediately after receipt of any unstamped cigarettes.

Every registered tobacco dealer receiving and handling cigarettes, cigars, other tobacco products, and vapor products in Louisiana upon which tax has not been previously paid must file a report with the Secretary of Revenue within 20 days after the end of each calendar month.

The tobacco tax is collected from the first dealer handling the tobacco product in the state.

Tax rates on tobacco products are as follows:

- 1. Cigarettes:
  - Prior to July 1, 2015: \$0.018 per cigarette (\$0.36 per pack of 20 cigarettes)
  - July 1, 2015 to March 31, 2016: \$0.043 per cigarette (\$0.86 per pack of 20 cigarettes)
  - After April 1, 2016: \$0.054 per cigarette (\$1.08 per pack of 20 cigarettes)
- 2. Cigars (up to \$120 per thousand): 8% of invoice price
- 3. Cigars (over \$120 per thousand): 20% of invoice price
- 4. Smokeless tobacco: 20% of the invoice price
- 5. Smoking tobacco: 33% of invoice price to wholesaler
- 6. Vapor products: \$0.05 per milliliter of consumable nicotine liquid solution
